

Q 1) How many of the following protections are available as a fundamental right under the constitution to a person detained under a preventive detention law?

1. The grounds of detention should be communicated to the detenu even if it is against the public interest.
2. The detenu must be released after 24 hours unless the magistrate authorizes further detention.
3. The detenu must be offered an opportunity to make a representation against the detention order.

Select the correct answer using the code given below.

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 2) Which of the following best describes the concept of Constitutionalism?

- (a) It is an ideology which promotes supremacy of a written Constitution.
- (b) It means the Constitution is necessary in a democratic country.
- (c) It denotes the principle that the government derives its authority from a body of fundamental law and is limited by it.
- (d) It means that the Constitution must provide certain inalienable rights to the citizens.

Q 3) Consider the following statements with respect to the Central Bureau of

Investigation (CBI):

1. It derives its powers from the Delhi Special Police Establishment Act, of 1946.
2. It functions under the Prime Minister's Office.
3. It investigates crimes of corruption and economic offenses.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

Q 4) How many of the following options the President has with regards to the Constitutional Amendment Bill passed by both the Houses of Parliament?

1. He can withhold the assent of the bill.
2. He can return the bill for reconsideration.
3. He gives assent to the bill

Select the correct answer using the code given below.

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 5) It separated, for the first time, the legislative and executive functions of the Governor-General's council. In other words, it established a separate Governor-General's legislative council which came to be known as the Indian (Central) Legislative Council. This legislative wing of the council functioned as a mini-parliament, adopting

the same procedures as the British Parliament.

Which of the following Acts has been described by the passage given above?

- (a) Government of India Act, 1858
- (b) Charter Act, 1853
- (c) Indian Councils Act, 1861
- (d) Government of India Act, 1919

Q 6) Consider the following statements with reference to the post-independence reorganization of states:

1. The States Reorganisation Commission accepted the theory of 'one language one state'.
2. Andhra Pradesh was the first state created after the acceptance of the recommendations of the state reorganization committee.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 7) Consider the following functions:

1. Ratification of India's membership of the Commonwealth
2. Adopting the National Anthem of India
3. Enactment of ordinary laws

How many of the above functions were performed by the Constituent Assembly of India?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 8) Consider the following statements:

1. President can declare a National Emergency on the ground of 'internal disturbance'.
2. The president can proclaim a National Emergency only after receiving a written recommendation from the cabinet.
3. The proclamation of National Emergency must be approved by both the Houses of Parliament within two months from the date of its issue.
4. Lok Sabha has no control over the revocation of the National Emergency.

How many statements given above are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q 9) Consider the following statements regarding the amendment procedure of the Indian Constitution:

1. A bill seeking to amend the Constitution can be initiated in the state legislature
2. A private member can initiate a constitutional amendment bill.
3. Each house of the Parliament must pass the constitution amendment bill separately.

How many statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 10) Which plant has H.S.K. or C4 type of photosynthesis?

- A. Sugarcane
- B. Groundnut
- C. Sunflower
- D. Potato

Q 11) Consider the following statements.

1. The Election Commission of India is a five-member body.
2. Union Ministry of Home Affairs decides the election schedule for the conduct of both general elections and bye-elections.
3. Election Commission resolves the disputes relating to splits/mergers of recognized political parties.

Which of the statements given above is/are correct?

- a) 1 and 2 only
- b) 2 only
- c) 2 and 3 only
- d) 3 only

Q 12) Which among the following is a term used in the Preamble of the Indian Constitution means the 'absence of special privileges'?

- a) Equality
- b) Fraternity
- c) Liberty
- d) Sovereignty

Q 13) Which one of the following objectives is *not* embodied in the Preamble to the Constitution of India?

- (a) Liberty of thought
- (b) Economic liberty
- (c) Liberty of expression
- (d) Liberty of belief

Q 14) How many of the following are not Fundamental Duties under Part IV-A of the

Indian Constitution?

1. To safeguard public property
2. To renounce practices derogatory to the dignity of women
3. To create opportunities for healthy development of children
4. Promotion of international peace and security

Select the correct answer using the code given below.

- (a) Only two
- (b) Only three
- (c) All four
- (d) None

Q 15) How many of the following elements form a part of the 'Basic Structure of the Constitution' as laid down by various court judgments?

1. Secular character of the Constitution
2. Separation of powers between the legislature and the executive
3. Effective access to justice
4. Writ jurisdiction of the Supreme court
5. Socialist state

Select the correct answer using the code given below.

- (a) Only two
- (b) Only three
- (c) Only four
- (d) All five

Q 16) Which of the following water bodies lie on either side of sea of Marmara?

- (a) Sea of Japan and East China Sea
- (b) Coral sea and Tasman Sea
- (c) Red Sea and Mediterranean Sea
- (d) Black Sea and Aegean Sea

Q 17) Consider the following pairs:

Nuclear Power Plant State

1. Tarapur plant located in Maharashtra
2. Rawatbhata located in Rajasthan
3. Kalpakkam located in Kerala
4. Kakrapara located in Odisha

Which of the statements given above are correctly matched?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 4 only
- (d) 2 and 4 only

Q 18) With reference to the sugarcane industry, consider the following statements:

1. The availability of cheap labor is the primary reason to establish sugar mills in sugar cane-growing areas.
2. The entire energy requirements of a sugar mill are met through electricity generated by using bagasse as fuel.
3. Karnataka is the leading sugar producer in the country, followed by Maharashtra.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 19) With reference to nuclear fuel, consider the following statements:

1. Uranium is more common than Thorium in the Earth's crust.
2. Andhra Pradesh is the leading state with the largest uranium reserves followed by Jharkhand.

3. India has more uranium reserves than thorium reserves.
4. Andhra Pradesh has the highest monazite sand reserves in India.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q 20) Consider the following pairs:

Mineral Mines Associated Site

1. Mica generally found in Nellore
2. Bauxite generally found in Koraput
3. Iron Ore generally found in Mayurbanj

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 21) What is common between Gul, Khadins and Johad?

- (a) Traditional water harvesting system
- (b) Tribal sowing festival
- (c) Traditional system of medicine
- (d) Slash and burn cropping practice

Q 22) The drainage basin of the Brahmaputra River covers which of the following states?

1. Assam
2. Tripura
3. Nagaland
4. Sikkim
5. Meghalaya

Select the correct answer using the code given below:

- a) 1, 2 and 4 only
- b) 2, 3 and 5 only
- c) 1, 3, 4 and 5 only
- d) 1, 2, 3, 4 and 5

Q 23) With reference to the Western Disturbances, consider the following statements:

- a) These are low-pressure storms that originate from subtropical high-pressure regions.
- b) Jet streams blowing south of the Himalayas bring in western disturbances in India.
- c) They are beneficial for the wheat and apple crops in the country.

Which of the statements given above is/are correct?

- a) 1 only
- b) 1 and 2 only
- c) 3 only
- d) 1, 2 and 3.

Q 24) Consider the following statements:

Statement- I: The population pyramid of a country with a wide base and narrowing towards the top signifies a high potential for future economic growth.

Statement- II: A broad base population pyramid indicates a large percentage of young population and a substantial labor force.

Which one of the following is correct in reference to the above statements?

- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
- (b) Both Statement-I and Statement-II are correct and Statement-II is not the correct explanation for Statement-I
- (c) Statement-I is correct but Statement-II is incorrect
- (d) Statement-I is incorrect but Statement-II is correct

Q 25) The perceived center of the Sun's disk is in the same plane as the Equator when:

- a) subsolar point hits the Tropic of Cancer around June 21
- b) subsolar point hits the Tropic of Capricorn around December 21
- c) the Earth's axis is not tilting toward or away from the sun.
- d) The Earth is closest to the Sun.

Q 26) Which of the following best describes the "Operation Aspides" recently seen in the news?

- (a) It is launched by Israel to demilitarize the Gaza Strip and disarm terror organizations like Hamas.
- (b) It is an US led initiative to supply Ukraine with Arms and Ammunition to support its offensive against Russia.
- (c) It is a multinational security initiative led by the US to counter the rising threat of Piracy in the Gulf of Aden.
- (d) It is an initiative of European Union to protect Red Sea vessels from Iran-backed Houthi attacks.

Q 27) Bacteria (autotrophs) that make their own food from chemicals get energy by breaking down which chemicals?

- A. Organic substances
- B. Inorganic substances
- C. Synthetic substances
- D. Processed substances

Q 28) Consider the following statements regarding the theory of permanent fibers and muscle contraction:

- A. This theory explains the modern concept of muscle contraction.
- B. This theory was proposed by scientists Huxley and Niederjarke.

Which of the above statements/theories are true?

Alternative answers:

- A. Only A
- B. Only B
- C. Both A and B

D. None

Q 29. Recently, the Ministry of Environment, Forest, and Climate Change (MoEFCC) released the 'Status of Leopards in India, 2022' Report. In this context consider the following statements:

1. It is published every year by National Tiger Conservation Authority (NTCA) and Wildlife Institute of India (WII) in collaboration with State Forest Departments.
2. Maharashtra houses the largest population of leopards followed by Karnataka and Tamil Nadu.
3. Corbett Tiger Reserve had the highest leopard population followed by Nagarjunasagar Srisaigram Tiger Reserve.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 30) Sea of Azov, often in the news, is located between which two countries?

- (a) Russia and Ukraine
- (b) Turkey and Greece
- (c) Turkey and Georgia
- (d) Azerbaijan and Armenia

Q 31) With reference to the System of Subsidiary Alliances, consider the following statements:

1. Indian rulers had to accept the permanent stationing of a British force within their territory at their own expense.
2. The Britishers promised not to interfere in the internal affairs of Indian rulers.

3. Indian rulers were not allowed to employ Europeans in their service without British approval.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 32) Consider the following statements with reference to Lord Dalhousie:

1. He created a separate Public Works Department for the first time in India.
2. During his tenure as the Governor General, Thomsonian system of vernacular education was recommended for the entire North West Frontier province.
3. He annexed Punjab after the second Anglo Sikh War.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 33) Consider the following statements regarding Mahatma Gandhi's movements:

- a) The Champaran Satyagraha was his first major movement in India.
- b) The Non-Cooperation Movement involved the boycott of British goods and institutions.
- c) The Civil Disobedience Movement included the Dandi March to protest against the salt tax.
- d) The Quit India Movement was launched in 1942 with the slogan "Do or Die."

Which of the above statements is/are correct?

- (a) 1 only
- (b) 1, 2, and 3 only
- (c) 2, 3, and 4 only
- (d) 1, 2, 3, and 4

Q 34) Green chemistry is

- A. Preparation of everyday chemicals using greenhouse gases
- B. Preparation of chemical reactions from green plants
- C. Preparation of reactions from biological components
- D. Preparation of environmentally friendly products using non-toxic substances and solutions

Q 35) Consider the following statements regarding the change in the status of the Constituent Assembly due to the Indian Independence Act - 1947:

- A. The Constituent Assembly became a fully sovereign body.
- B. The Constituent Assembly became the first Parliament of independent India.
- C. When the Constituent Assembly met as a legislative body, it was chaired by Dr. Rajendra Prasad.
- D. The number of members of the Constituent Assembly was reduced from 389 to 299.

Alternative Answers :

- A. Statements A, B and C are correct
- B. Statements B, C and D are correct
- C. Statements A, B and D are correct
- D. Statements A, C and D are correct

Q 36) With reference to the Swadeshi Movement, consider the following statements:

1. It contributed to the revival of the indigenous artisan crafts and industries.
2. The National Council of Education was established as a part of the Swadeshi Movement.

Which of the statements given above is/are correct?

- a) 1 only
- b) 2 only
- c) Both 1 and 2
- d) Neither 1 nor 2

Q 37) With reference to activities under the Non Cooperation movement, consider the following statements:

1. Boycott of government aided colleges.
2. Boycott of British courts.
3. Surrender of titles and honorary offices.
4. Programme of council entry to obstruct the British activities.

Which of the statements given above are correct?

- a) 1, 2 and 4
- b) 1, 2 and 3
- c) 3 and 4
- d) 1, 2, 3, 4

Q 38) Which of the following provisions regarding national emergency is not made by the 44th Amendment Act of 1978?

- A. The President cannot declare a national emergency without the written recommendation of the Cabinet.
- B. The term 'internal unrest' was replaced by the term 'armed rebellion'.
- C. The six fundamental rights under Article 19 can be suspended only during a state of emergency declared on account of war or foreign invasion and cannot be suspended during a state of emergency declared on account of armed rebellion.
- D. If either House of Parliament passes a resolution opposing the declaration of emergency or its continuation at any time, the President must declare the emergency withdrawn.

Q 39. With reference to the Ryotwari settlement, consider the following statements:

1. The Ryotwari Settlement system was introduced in British India by Thomas Munro and Alexander Reed.
2. Under this system, the British government collected land revenue directly from the ryots.

Which of the statements given above is/are correct?

- (a) 1 only

- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 40) Which of the following statements is true about the Governor of Maharashtra?

- A. He can nominate one person from the Anglo Indian community to the Legislative Council.
- B. He can nominate at least two persons from the Anglo Indian community to the Legislative Assembly.
- C. He is given special responsibility under Article 371 (2) of the Constitution.
- D. He cannot reserve a bill for the consideration of the President under Article 31 A of the Constitution relating to the compulsory acquisition of private property

Q 41) With reference to the Agriculturists Relief Act of 1879, consider the following statements:

- 1. It was passed after the findings of Deccan Riots Inquiry Commission.
- 2. It aimed to protect farmers from being arrested or imprisoned for failing to repay debt.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 42) During the pre-Mauryan period, India was known as _____.

- A. The Queen of the Eastern Seas
- B. The Queen of the Western Seas
- C. The Queen of the Southern Seas
- D. The Queen of the Eritrean Sea

Q 43) Which of the following persons was not associated with the Kolhapur princely state?

- A. Kashinathrao Vaidya
- B. Dinkarrao Jabalkar

- C. Madhavrao Bagal
- D. Dadasaheb Surve

Q 44) Who is described in the following sentence?

- A. He was a writer from Pune.
- B. He used to go to the settlements of the untouchables and teach them.
- C. He was the president of the program organized in Kalyan on the occasion of Ambedkar Jayanti in 1945.
- D. He was a Hindutva activist from Pune.

Alternative answers:

- A) Kr. Pethe
- B) Mamarao Date
- C) Shri.M. Alias Bapusaheb Mate
- D) Krishnarao Marathe

Q 45) Consider the following statements regarding tax :

1. The Chauth was a tax predominantly levied by the Marathas on territories outside their direct control, amounting to one-fourth of the revenue.
2. The Sardeshmukhi was an additional levy of ten percent on the revenue, which was considered a hereditary right of the Maratha rulers.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 46) Identify the unique person among the following:

- A. Shankarrao Dev
- B. Gangadharrao Deshpande
- C. Pundalikji Katgade
- D. Bhaskar Vishnu Kale

Q 47) Which of the following statements regarding the S-400 missile defense system is/are correct?

- 1) The S-400 is a Russian-made, long-range surface-to-air missile system.
- 2) It can intercept ballistic and cruise missiles, as well as aircraft and drones.
- 3) The S-400 has a detection range of up to 400 km and can engage targets at a maximum range of 600 km.
- 4) India has acquired the S-400 from the United States.

Options:

- A. 1 only
- B. 2 and 3 only
- C. 1 and 2 only
- D. 3 and 4 only

Q 48) Which of the following phenomena demonstrates the wave nature of light?

- (a) Photoelectric effect
- (b) Interference of light waves
- (c) Emission of light by hot objects
- (d) Reflection of light

Q 49) In the context of the New Generation Launch Vehicles (NGLV) program, consider the following statements:

1. It is a programmed by the ISRO to develop a new rocket to launch satellites and spacecraft.
2. It aims to develop reusable launch vehicle technology.
3. It exclusively uses cryogenic engines for all stages of the launch.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 50) Integers are listed from 700 to 1000. In how many integers is the sum of digits 10?

- A) 6
- B) 7
- C) 8
- D) 9

Q 51) Consider the following statements with reference to electromagnetic radiation:

1. Waves with shorter wavelengths have more energy.
2. X-rays have a higher frequency than gamma rays.
3. All electromagnetic radiations travel at the same speed through the vacuum.

Which of the statements given above is/are correct?

- (a) 3 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

Q 52) With reference to the 'neutrinos', consider the following statements:

1. They do not interact with the force of gravity.
2. They have a very tiny mass, no charge, and half-integral spin.
3. They do not have any antimatter components.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 only
- (c) 1 and 3 only
- (d) 1,2 and 3

Q 53) With reference to the XPOSAT mission, consider the following statements:

1. It is India's first dedicated mission to study the polarization of X-rays from celestial sources.
2. It made India the second country in the world, after the USA to conduct such studies.
3. Under the mission, the satellite is placed in Geosynchronous orbit.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

Q 54) Consider the following statements regarding specific heat capacity:

1. Substances with a high specific heat capacity require more heat to increase their temperature.
2. The specific heat capacity of iron is more than that of water.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 55) Which one of the following is synthesized in human body that dilate blood vessels and increases blood flow?

- (a) Nitric oxide
- (b) Nitrous oxide
- (c) Nitrogen dioxide
- (d) Nitrogen Pentoxide

Q 56) On which of the following dates was the Pradhan Mantri Jan Dhan Yojana launched for financial inclusion?

- A. 16 May 2014
- B. 15 May 2014
- C. 28 August 2014
- D. 18 November 2014

Q 57) Which of the following statements is incorrect about DNA and RNA?

- (a) DNA is double-stranded, while RNA is usually single-stranded.
- (b) DNA contains the sugar deoxyribose, while RNA contains the sugar ribose.
- (c) DNA and RNA both contain the base thymine.
- (d) DNA is primarily found in the nucleus, while RNA is found in the nucleus and cytoplasm.

Q 58) Consider the following statements:

Statement I: Nuclear fusion reactions require high temperatures and pressures.

Statement II: High temperatures provide sufficient kinetic energy for nuclei to overcome electrostatic repulsion.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I.
- (b) Both Statement-I and Statement-II are correct and Statement-II is not the correct explanation for Statement-I.
- (c) Statement-I is correct but Statement-II is incorrect.
- (d) Statement-I is incorrect but Statement-II is correct.

Q 59) What does the Second Law of Newton say?

- (a) Gravity always acts downwards.
- (b) Every action has an equal and opposite reaction.
- (c) The acceleration of a body is indirectly proportional to its mass.
- (d) The speed of a body can change even

without the exertion of force.

Q 60) Atomic species namely protium, deuterium and tritium are isotopes of which of the following elements?

- (a) Carbon
- (b) Hydrogen
- (c) Helium
- (d) Nitrogen

Q 61) Who resigned from the post of Finance Minister of the Union Government in support of the Samyukta Maharashtra Movement?

- A. Yashwantrao Chavan
- B. Balasaheb Kher
- C. C. D. Deshmukh
- D. K. M. Pannikar

Q 62) Who among the following did not work towards women's liberation?

- A. M. Go. Ranade
- B. Go. G. Agarkar
- C. Dhon. K. Karve
- D. None of the above options are correct.

Q 63) Consider the following rivers:

- 1. Narmada
- 2. Tapi
- 3. Mahi
- 4. Sabarmati

How many of the above rivers are crossed by the Tropic of Cancer in India?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q 64) For which crop is the soil of 'loam' type mixed with sand suitable?

- A. Jowar
- B. Chickpea
- C. Rice

D. Tea

Q 65) What is the missing number 'X' of the series 7, X, 21, 31, 43?

- a) 11
- b) 12
- c) 13
- d) 14

Q 66) Consider the following statements with reference to great lakes of North America:

1. The Great Lakes are connected to the Atlantic Ocean through the St. Lawrence River, making them a vital route for international shipping.
2. Lake Superior, the largest of the Great Lakes, has the highest salinity among all the lakes due to its size and depth.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 67) 'Extended Producer Responsibility' is often seen in the news with respect to which of the following?

1. Plastic waste
2. Electronic waste
3. Electrical vehicle battery waste
4. Automotive batteries

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 1, 3 and 4 only
- (c) 2, 3 and 4 only
- (d) 1, 2, 3 and 4

Q 68) What is the missing number 'X' of the series 2, X, 9, 27, 30, 90, 93

- a) 3
- b) 4
- c) 5
- d) 6

Q 69) Given that

1. A is the brother of B.
2. C is the father of A.
3. D is the brother of E.
4. E is the daughter of B.

Then the uncle of D is

- (a) A
- (b) B
- (c) C
- (d) E

Q 70) Krishna travels 10 km to the south, then takes a left and travels 8 km. He then takes a right and travels 3 km; after which he travels in the southeast direction for 4 km and then towards the northeast for 4 km. Finally, he travels 13 km towards the north. In which direction is he with respect to from where he started? –

- (a) East,
- (b) West
- (c) South
- (d) North..

Q 71) Consider the following characteristics of soil:

1. Permeability
2. Colour
3. Humus Formation
4. Chemical Properties

How many of the above soil characteristics are primarily affected/determined by its parent rock?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q 72) Train A of length 80m while moving crosses a pole in 16 seconds. If it is known that the lengths of train B and train A is in the ratio of 3:1, then how long would it take train B to cross a platform which is half the length of train A if the speed of train B is same as that of train A?

- a) 48
- b) 56
- c) 58
- d) 64

Q 73) Ram and Shyam work on a job together for four days and complete 60% of it. Ram takes leave then and Shyam works for eight more days to complete the job. How long would Ram take to complete the entire job alone?

- (a) 6 days
- (b) 8 days
- (c) 10 days
- (d) 11 days

Q 74) A group of 630 children is seated in rows for a group photo session. Each row contains three less children than the row in front of it. Which one of the following number of rows is not possible?

- (a) 3
- (b) 4
- (c) 5
- (d) 6

Q 75) In a group of persons, 70% of the persons are male and 30% of the persons are married. If two-sevenths of the males are married, what fraction of the females is single?

- (a) $\frac{2}{7}$

- (b) $\frac{1}{3}$
- (c) $\frac{3}{7}$
- (d) $\frac{2}{3}$

Q 76) Consider the following statements regarding Laterite Soil:

1. It is formed in regions of high temperature and heavy rainfall.
2. It is rich in iron oxide and aluminum compounds.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q 77) Two pipes A and B can fill a water tank in 24 minutes and 48 minutes respectively. If both the pipes are opened simultaneously, then after what time the pipe B must be closed so that tank will be filled in 16 minutes?

- a) 8
